**Hi! I'm a portrait photographer and was wondering if I could use your property for photoshoots in the future and if I needed to reserve a time to do so. Thank you! 🙏**

Tori- Good afternoon! The gardens are open to the public Monday- Friday from 9 am to 5 pm unless its a holiday or we have an event scheduled. If you would like to come during those hours you can use the grounds complimentary. After 5 pm and on the weekends does require rental of a portrait session. That fee is \$300 for three hours of access to the house and gardens. We are currently closed though until March 5th due to renovations.
