Hi Jimmy -

I just wanted to close the loop so to speak on the task force you mentioned to me. Ideally, I would like to speak to the person who is heading this up to understand a little more about what is involved, the time commitment, where they will meet, etc. before I can make a decision. And if I find it isn't for me because of the time involved, then I will perhaps be able to provide another referral. So this is my email address that you can forward on.

As I mentioned, we are going up to Maine tomorrow through August 8. However, I will be checking my emails and could arrange to talk by phone during this time if necessary.

It was good to see you these past two days.

Best regards,
Cindy
