---

Katherine – please have someone contact Kirk about the possibility of doing a signing with the governor on the motorcycle license plate bill. See below correspondence. Thanks

Thank you, sir. I posted the bill on FaceBook and on the internet. It is incredibly popular and I made sure every knows you introduced it. There is a heartfelt thank you from all the riders. Let me know a contact with the Governor, and I will get on it.

The bill was run across the desk last week and is now assigned to the Transportation committee. I mentioned the possibility of it being signed as part of the Motorcycle Awareness Month to the Governor's office, and they seemed receptive but it would probably be best if you set up the details if you want to pursue that. I can get you set up with the contact.

Just let us know.

Senator Turner,

I added language to the proposed bill you submitted giving funds over the cost of the DMV in producing the plate to MAA for the education programs. This language was the same as was used in the Share the Road plate for the bicycle coalition. I hope the additional language meets with your approval. Please let me know if you need anything else. May is Motorcycle Awareness Month in SC. It would be great if Governor Haley could sign the Bill to kickoff the month.
