Thank you! We will enjoy it on our next camping trip (after the spring thaw).

My son is trying to get stamps in his park book from all of the parks. The FB message yesterday said free admission to ALL parks, but the website said Charlestown Landing was closed. I'm glad they checked before they drove there. Today Charlestown was charging everyone unless they had a "code." Also, Dorchester park did not have a stamp available yesterday. Disappointing.

Lisa, we are sorry about this and will help you out. I am out of the office until the new year, but we will get back to you then. Very sorry for the inconvenience. It seems to have been some miscommunication at some of the parks.

No problem. I just wanted to let you know so maybe the problem can be corrected for next time.

I've been trying for several days to look at campsite maps at different parks. Instead of the normal blue and beige markings for availability, everything is showing as large black blobs on the map. I can't even read the campsite numbers. Are you aware of problems with the reservation site?

We are. This was brought to our attention earlier today. It is a ReserveAmerica

issue and they are working on it.

Was there any follow up to the 12/24 park sign selfie prize pack? I didn't see a message. Thanks.
