Subject: FW: FOIA Requests

Good Morning,

Attached are two FOIA requests received yesterday. The bulk of the request is for financial/ expense information. We have ten days to respond, making the deadline December 11, 2017.

I would like to meet with you all and anyone else you think I should include so that we can discuss who may have which pieces of this information and come up with a strategy on compiling and providing the information. I will need time to review the information before it can be sent out which means I would at least need to have it in my hand on December 9.

I am available any time except 11am to 1pm on Thursday and after 3pm on Friday this week. Would there be a time that we can meet this week?

Thank you for your assistance. Please do not discuss this FOIA request via email other than to schedule the meeting and please let me know if you think anyone else needs to be included on this meeting.

-Catherine
