Subject: Janet novack -- important info for janet on largest whistle blower case filed in USA history

I have information on over 100 IRS whistle blower cases filed claiming 100% violations to IRS 501-c6 tax codes by Chambers and CVBs in America . I also have claims and a lawsuit on Foia violations and claiming unfair trade , business and competitive practices against all Local media in America by chambers and CVBs selling ads depleting local ad pools and abusing and competing against their very own members that in many cases are in fear to speak up or unaware of what's happening to them. Over the next 5 yrs I see class action lawsuits being filed my many local media harmed and driven out of business . Imagine chambers / CVBs selling ads pay no taxes, competing against those media who do pay taxes and driving those who pay for roads , schools , military out of business . Imagine the President of the US chamber who we have also filed an IRS tax case against having an appointed buddy board allowing him to be paid 4.7 million salary , jet and limo usage all seen on IRS form 990. Imagine form 990 does not reveal his perks , travel , meals , entertainment etc. We have found after reviewing over 100 CVBs and chamber form 990 excessive salaries , expenses and abuses and have turned over info to the authorities claiming massive violations and fraud for many. IRS is causing great harm to our country and Louis lerner is just the tip of the iceberg . Even our local Chamber on small Hilton Head island has massive violations and is used as our example of what us happening across America .

Read more on Stopchamberabuse.com and IRS refuses to enforce or respond . I have Cced the IRS agents on this case as well as one of the leading whistle blower lawyers in the USA who collected 120m fee for his client Dean Zerbe . Also the lawyer Michael cohen who wrote the whistle blower handbook . Both fully aware if my claims and case

Also Cced our governor Nikki Haley which is fully aware of all my claims and lawsuits in SC . Mark Sanford and Tim Scott our congressman and senator both fully aware .

The head of sc prt and the current chairman of the local Hilton head chamber who refuses to debate

the issues on facts and law . Many other lawyers Cced and bced in different cities who represent chambers and CVBs who are fully aware there is no escape from the truth and facts .

I have also bced the dept of Justice and FBI as well also fully aware of my claims . I am the first person in USA history to have no fear of exposing this billion dollar abuse to our country . All I say is based in facts and laws and can prove and debate anyone on facts not opinions , which I do not care about .

Also bced are many in the press nationwide .

Thx
