Subject: Privacy Survey

The following email has been forwarded to you at the request of Sarah Morrow with the Division of Technology.

The Enterprise Privacy Office (EPO) within the Division of Technology is asking for feedback from state agencies concerning how privacy is currently being addressed. Please take a couple of minutes and complete the survey below.

The mission of the EPO is to serve as a state agency resource to: provide subject matter expertise; assist in the required classification of data contained in agency's processes or systems; monitor state and federal regulations for new or updated privacy compliance obligations and communicate these to the appropriate agencies; provide a Privacy Impact Assessment for agency use; provide privacy specific education, training and outreach; provide agency policy review if desired; and develop a statewide privacy program to promote a culture of respect and accountability in consideration of personal private information or confidential business information entrusted to us.

If you have any questions concerning this survey or the help that the EPO could provide your agency, please contact Sarah Morrow, Chief Privacy Officer, at smorrow@cio.sc.gov
