Honorable Nikki Haley,

My name is Dennis McCrea I am serving 10 yrs violent for attempted safe cracking.

I am taking advantage of every program offered.

Society wants to rehabilitate us and get us ready for re-entry. Problem, if released with no drivers liscence, job or family it is hard to get started. If we could or you could give us a program to clean up our drivers liscence, that would greatly assist our re-entry. No liscence has always stopped me in the past. Could you please try to implament some sort of class so we can work off reinstatement fees.

Also AS I SAID, I am serving a 10yr. violent sentence for attempted safe cracking yet there are 4 people in my Dorm alone in prison for shooting people yet they are non-violent. None of this makes sense to me. Attempted safe cracking, no victim or persons safety involved, yet you call this violent. Please look into this and let me know if you can help

Respectfully
