Subject: FW: Send in the Clowns... Great Song by Frank Sinatra and Clown video.

You'll enjoy this one. Too bad we no longer have authentic, talented comedians like these classics. And notice not one had to resort to foul language to get a laugh. Says a lot about our current culture, or should I say, non-culture.

Good Ole Frank.....

MAKE SURE YOU OPEN THIS ONE. IT'S BEAUTIFUL.....and turn up the sound
but a little slow to load-- This is a treasure.....the good old days:

For us Older folks, this will make you smile and maybe bring tears to your eyes.....for you younger ones, you don't know what you missed by not knowing these "clowns"

A bit of nostalgia for those of us who remember the "clowns."

Frank Sinatra sings, but wait for the clowns.

And please listen to the last bit by Orson Wells
