Nine brave souls fought the rain yesterday and joined us for a First Day Hike at Kings Mountain State Park between Kings Mountain and Crowders Mountain State Park in NC. It was a really cool five mile hike, and thanks for starting your New Year off on the right foot!

Betsy Lowry Abernethy How do you get to do this?

South Carolina State Parks Betsy Lowry Abernethy, the trail between Kings Mountain and Crowders Mountain is always open for hiking. You can go any day. This was a special event called a First Day Hike and was guided by rangers from both parks. These events were held at over 20 parks across the state on Jan. 1.
