founders_hall #TipTuesday! If you're planning a wedding during these hectic times, here is a quick tip to hopefully help you during this process. - 🌟Treat yourself!! Wedding planning is already a tad bit stressful, let alone planning during 2020. Have an at-home spa day or take a trip to the beach to soak up some sun. Whatever it is, give yourself some TLC to minimize stress, relax, and unwind. - 🌟 Photographer: @theburksphotography 🌟Planner: @your_signature_designs 🌟 Hair + Makeup: @silhouetteonsite
