This is a good opportunity. Holly and Austin (Shwedo) can help us guide this response. Austin is meeting with Shwedo right now in the conference room.

Brian,

Nice chatting just a few moments ago. I am looking to do a story on OneSC efforts to help the 2,000 families you've identified for volunteer aid.

How's the fundraising coming along? How many families have you helped? How many still need help?

I would like to talk to someone in your office about OneSC and a family who has received or is waiting to receive help.

This is a day turn and I would like to have the interviews done by 2:30p.m.

Thank you so much,

Sonia Gutierrez
