10-4, thanks for letting me know.

And of course, I'll see what we can do to get him to Greenville soon... maybe after session when things are a bit slower for him?

Hey, sorry. He's in the store that day, so we can't do any events. We do want to go to Greenville and see them build the F-35. Let me know when you come up.

Thanks. It's a session day. Can we have a raincheck?
