Good morning:

Attached please find an updated media release regarding Emergency Regulation 69-78 issued by Director Farmer on October 10, 2016. The Emergency Regulation has been amended to include the additional counties that have been designated eligible for Individual Assistance by the Federal Emergency Management Agency (FEMA).

The Emergency Regulation protects coastal insurance consumers as they recover from Hurricane Matthew by giving them some extra time to focus on their family and immediate needs before worrying about insurance notices or paperwork. For details, please see the attached release.

Sincerely,

Ann
