Subject: RE: folo up on governor/GHS event

Can we talk tomorrow? I'd like to fill-in our communications folks a little more. Also, the legislature is here today to vote on the budget and a couple other key initiatives, so my calendar's pretty tight. Thanks.

Subject: folo up on governor/GHS event

Christian,

Am sorry for delay in getting back with you; I'm still trying to connect with the medical director of our Children's Hospital to get more details.

Would you be available to speak briefly in the morning?

Looking forward to working with you!
Sandy
