Chaney and Rob –

Arden Farhi here from the CBS Evening News. I am Major Garrett's producer.

I understand the governor is scheduled to appear on CBS This Morning tomorrow.

We were wondering if she would also be willing to tape an interview with Major for tomorrow's CBS Evening News.

Would her schedule allow for an afternoon interview to talk about her speech? We'll be in Charleston, but would consider heading to Columbia (or wherever she is) if she's available.

Thanks very much –

Arden
