A report was read from the Finance Committee under date of January 23, 2014, that it considered the information furnished by County Administrator Kurt Taylor and Charleston County Sheriff Al Cannon regarding a State of South Carolina Department of Public Safety Grant to assist local units of government in carrying out specific programs which offer a high probability of improving the functioning of the criminal justice system. It was shown that one of the JAG's funding priorities is Elder and Child Abuse and the Sheriff's Office is requesting permission to apply for and, if awarded, accept the grant to fund one designated Elder and Child Abuse Investigator for the Charleston County Sheriff's Office to improve investigation of elder and child abuse cases. It was further shown that one FTE is requested and a match of \$9,601 is required.

Committee recommended that Council allow the Sheriff's Office to apply for and, if awarded, accept the FY 2014 JAG Program grant totaling \$96,010 which includes a 10% cash match. The cash match would be made by the Charleston Sheriff's Office and grant funds will be used for one FTE to serve as a designated Elder and Child Abuse investigator.

Recommendation

Ms. Condon moved approval of committee recommendation, seconded by Mr. Qualey and carried.

A report was read from the Finance Committee meeting under date of January 23, 2014, that it considered the information furnished by County Administrator Kurt Taylor and the Charleston County Library Board regarding placing a referendum question on the November 2014 ballot allowing voters to consider a bond referendum to support the construction and renovation of Charleston County Public Library facilities.

Committee recommended that Council:

1. Approve placing a question on the November 2014 ballot, allowing voters to consider a bond referendum of up to \$103.8 million for the construction and renovation of Charleston County Public Library facilities, which may include:
 - Construction of four new libraries;
 - Renovation of 12 existing facilities, including expansion of St. Andrews Regional; and
 - Relocation of current support staff from existing high-value space in the Main Library to a separate location, freeing up existing support staff space for public use.
2. Instruct County and Library staff to:
 - Complete a detailed review of all costs to confirm final numbers;
 - Hold meetings to gather public input regarding the proposed plan; and
 - Return to Council by June with the final construction plan and costs plus the wording for the proposed referendum question that will be sent to the Board of Elections and Voter Registration for placement on the November 2014 ballot.

Ms. Johnson moved approval of Committee recommendation. The motion was seconded by Ms. Condon.

Mr. Sass stated that he had received a tremendous amount of feedback from citizens regarding the Library's plan and assumed there would be a lot of public meetings before the plan and referendum question was finalized since that is what he was relaying to his constituents.

Mr. Rawl stated for the benefit of the public that the Library Board had developed a plan for the future of the library system and now wished to place a referendum question on the November 2014 ballot asking the public to support a funding mechanism to support this plan. The plan which was presented to Council at its January 23, 2014, Finance Committee is not necessarily the final plan. The library will hold a number of public meetings to gain input from citizens about their desires moving forward and also about the language for the referendum question. At some point this summer, the Library Board will again come before Council with a final plan and proposed wording referendum question, which Council will have to approve before it is submitted to the Board of Elections and Voter Registration for placement on the ballot. He also remarked that

whether the individual Council Members agree or not with the referendum, it was Council's responsibility to approve the language for placing the question on the ballot.

Ms. Johnson stated that as Council's liaison to the Library Board, she wanted to thank Council for supporting moving this measure forward.

The Chairman called for a vote on the motion and the motion passed.

**Council
Comments**

The Chairman asked if any Member of Council of Council wished to bring a matter before the Body.

Mr. Qualey commended the County and staff for the great work which was done informing and responding to citizens' concerns during the ice storm. He thanked Mr. Taylor for his speedy response to a concern that the Little James Island Bridge had iced over.

Mr. Rawl echoed Mr. Qualey's commendation of staff and stated that when you have an incident such as this and don't hear complaints about the County's response, you know you've done a good job.

Mr. Sass also thanked staff and first responders for their response during the ice storm.

Mr. Schweers stated that he had seen a news clip where the mayor of Atlanta had stated he didn't think Atlanta had responded to the winter storm any worse than any other jurisdiction in the southeast, but Mr. Schweers stated that he didn't believe we had performed anywhere near as poorly as Atlanta had.

Ms. Johnson thanked Carl Simmons for his presentation regarding flood plains and flood insurance at her January Round Table meeting.

Ms. Condon thanked the staff who worked at the Emergency Operations Center during the ice storm. She applauded the use of Facebook, Twitter, and the new Emergency Management app calling it an important tool to keep the public apprised of the situation during times of emergency.

Mr. Taylor thanked Council for the comments regarding the County's response to the ice storm.

Mr. Pryor thanked Mrs. Schweers for her attendance at the Council meeting tonight and again for her bravery in the Ashley Hall incident in February 2013.

There being no further business to come before the body, the Chairman declared the meeting to be adjourned.
