Re: Milacon Drive Site
Cultural Resources Reconnaissance Survey
Greenville County, South Carolina
SHPO Project No. 18-EJ0125

Dear Kimberly Nagle:

Our Office received documentation on November 19, 2018 that you submitted as due diligence for the project referenced above, including the draft report, *Cultural Resources Reconnaissance Survey Milacron Drive Site, Greenville County, South Carolina*. This letter is for preliminary, informational purposes only and does not constitute consultation or agency coordination with our Office as defined in 36 CFR 800: "Protection of Historic Properties" or by any state regulatory process. The recommendation stated below could change once the responsible federal and/or state agency initiates consultation with our Office.

The archaeological and architectural reconnaissance survey examined the approximately 162-acre project tract. No previously or newly recorded archaeological sites were identified within the project tract. Three previously recorded (SHPO Site Nos. 1252, 1254, and 3084) and three newly recorded historical architectural resources were identified within and adjacent to the project tract. SHPO Site No. 1252, the Armstrong Farmhouse, was previously determined to be eligible for listing in the National Register of Historic Places (NRHP). SHPO Site Nos. 1254 and 3084 were revisited and recommended as not eligible for listing in the NRHP. SHPO Sites Nos. 6272, 6273, and 6274 were also recommended as not eligible for listing in the NRHP. We concur with these recommendations.

If the Milacron Drive Site were to require state permits or federal permits, licenses, funds, loans, grants, or assistance for development, we would recommend to the federal or state agency or agencies that additional cultural resources/historic property identification survey are not needed.

The federal or state agency or agencies will take our recommendation(s) into consideration when evaluating the project and will determine if survey will be required.

Our office accepts the draft report as final. To complete the reporting process, please provide at least two (2) hard copies of a final report: one (1) bound and one (1) unbound hard copies and a digital copy in ADOBE Acrobat PDF format for SCIAA. Investigators should send all copies directly to the SHPO. The SHPO will distribute the appropriate copies to SCIAA. Please ensure that a copy of our comments letter is included in the Appendices and Attachments of the final report.

Please provide final electronic copies of the survey forms and photographs for the above-ground resources following the [Electronic Submission Requirements for Planning Surveys and Review & Compliance Surveys](#).

Please provide GIS shapefiles for the surveyed area (and architectural sites as applicable). Shapefiles should be compatible with ArcGIS (.shp file format) and should be sent as a bundle in .zip format. Please see our GIS Data Submission Requirements and shapefile templates, available on our website at: <https://scdah.sc.gov/historic-preservation/historic-properties-research/archsitegis> . SHPO recommends e-mailing the shapefiles to the address link on the noted webpage or using a File Transfer Protocol website such as WeTransfer.com to send large files.

The State Historic Preservation Office will provide comments regarding historic architectural and archaeological resources and effects to them once the federal or state agency initiates consultation. Project Review Forms and additional guidance regarding our Office's role in the compliance process and historic preservation can be found on our website at: <https://scdah.sc.gov/historic-preservation/programs/review-compliance>.

Please refer to SHPO Project Number 18-EJ0125 in any future correspondence regarding this project. If you have any questions, please contact me at (803) 896-6181 or at KLewis@scdah.sc.gov

Sincerely,

Keely Lewis
Archaeologist
State Historic Preservation Office
