Great. Don't forget the Republican clubs.

I can compile a list of events that seem like they would have a large attendance (events other than the normal county GOP meetings), and their dates for February and March by the end of the day. However, I would most likely need to update the list as I find out about other events not listed on the State GOP website, contact information of the hosts, etc.

Ok. When can you have the larger list put together? We'll take a look at it as one document.

Subject: Lowcountry Meetings

Attached is a list of meetings in the lowcountry, sorted by attendance (#1 being highest). I am working on a similar list for the rest of the coast such as Horry, Georgetown and Beaufort counties. I have a more general list of such events statewide and am continually getting new information on the attendance of these events and updating the lists accordingly. I will send a rough draft of this general list by the end of the day so that you can see what events I currently have in mind.

I have a rudimentary understanding of the issues in each area of the state but I will continue to research and update the lists I find new information. Let me know if you see anything that needs to be added or any other instruction you may have.

Thank you,
Hayden Grooms
