Helen Fischer I found an easy chili recipe that I'll definitely take on the next camping trip. Look for 30-minute chili at southernliving.com. It was very easy and my son and husband loved it. I messed up and added 1/3 cup of chili powder instead of the 1/3 cup of the recipe stuff so it was hot but yummy!

Bill Ringle My favorite chili recipe is the one on the label of a can of Bush's chili beans.
