K & J:

I am attaching his remarks for tomorrow. I will stress that the chairman usually speaks off the cuff and probably will only use this as his outline. He did want me to let you know that he may not say the first part exactly as written but that he was not going to say anything negative about the governor.

Here's his quote:

*"By prioritizing a statewide coordinated workforce development effort now, we are taking a proactive approach to avoid a future skills gap crisis while also providing our citizens greater education and pay opportunities for the jobs of the future."*
