Subject: Follow Up

Christian & Rebecca

Again, I wish to thank the two of you for your time and discussion surrounding Renewable Portfolio Standards specifically tied to Solar PV. I hope Wayne and I were able to leave a few insights on how we see current installations occurring in South Carolina and conversely the roadblocks facing utility scale deployment.

Should you need additional conversation on this front please do not hesitate to contact us. Look forward to seeing some positive results in the State House in 2014.

Sincerely,

David
