Flag and Shooting Correspondence Totals.docx

---

Holly –

Attached is a document breaking down the emails into the categories that we currently have numbers for. In addition, I attached a document that lists all of the grand totals for correspondence. I don't know if IQ has the correspondence from constituents broken down into in-state versus out-of-state, we just have the total numbers overall from IQ.

I do not have a number for businesses that may have emailed or written letters, but I think that number would be relatively small – I know there were a few that emailed their support and then some emails about Walmart when they decided to remove flag related merchandise, but I do not think there are a lot of emails in our possession dealing with businesses (other than a spreadsheet of support that was sent to Swati).

Thanks!

Cate
