Hi! I have never been to the South Carolina Lace House, but wanted to visit the gardens area and photograph a family session possibly. I noticed on the website it said that photo sessions can be done on the grounds, but do I need to check in with anyone or anything like that just to do a few in the garden area? And also how would want make sure there isn't any type of event on that day as well? Thank you so much!

Julia- If you would like to use the gardens they are open to the public Monday-Friday from 9 am to 5 pm unless we have an event then the grounds are closed. What is the day that you are wanting to come take your portraits? I can check out schedule.

Hey thank you so much! I just realized though they wanted to do Sunday in between church services since that was the only time they had free-sorry to have bothered you!
