Subject: RE: Activity Codes

Marie,

I need to know which region is reporting a problem.

Thanks.

Tony

Subject: Activity Codes

Tony, as of this morning the Lt. Governor is still hearing from around the state that some activity codes, while they show up as current and active, are not working when the providers try to use them to input their data. Their fear is that even with the extension through Friday, if the codes aren't working, they will still not be able to submit. This is becoming quite a concern for those in the field.

Can you check on this and let us know? We understood you to say on Thursday that all the codes were available and working but that appears to not be the case in many instances.

Marie Waller
Chief of Staff
