Subject: RE: Draft Text for Hitt Appointment Commission.docx

Hi Ford,

Holly is looking over the agreement language. How close is it to being final? Do you expect the substantive content to remain the same?

Thanks,
Beth

Austin,

This is what we discussed yesterday.

Please let me know if you all have any questions. We have created a draft text of what we need signed as well as an example of the last version that we used for Israel. Attached is also a copy of the internally vetted MOU.

Ford

Ford,

I've attached the text for the new appointment and commission document, AND attached the one done for Israel.

Clarke
