When will the campground at Hunting Island State Park reopen? We had a reservation starting June 18 and we received an email saying the campground would be closed until June 18. We are willing to shorten our stay if it will be open June 19.

I am very disappointed that the campground is not yet open. I can't believe it has taken so long to get the campground open.

What is taking so long on repairing the campground? This is the second time the opening has been moved.
