God is greater than any problem I may have!

5 January 2016

The Honorable Nikki R. Haley
Office of the Governor
1205 Pendleton Street
Columbia, South Carolina 29201

Honorable Governor:

I take this time to put pen to paper concerning a very serious matter. On behalf of my father-in-law Benjamin J. Coney and my late mother-in-law Easter S. Coney of Hardeeville, Jasper County, SC.

As you know, we suffered a terrible rain storm, being that my in-laws were senior citizens of this beautiful state, I myself initiated the necessary paper work through the FEMA system. We were informed that being that the county of Jasper was not indicated as one of the counties that suffered damage, there was nothing they could do.

I then contacted the Emergency Management Office dealing with that county, and to this date, we have not heard anything from them.

The home they have lived in since 1997, roof was totally destroyed, the ceiling fell in, the hallway bathroom is not operational due to the water damage. The insurance company they deal with has failed to contact us back as well, and now due to the respiratory infection that my mother-in-law developed due to the drafty atmosphere, and the constant rain that fell into the home, she has since passed away.

He needs immediate assistance to make the home whole again, please honorable Governor, can you or your office please look into this inquiry and request for assistance. My father-in-law has no home to stay in, and we must travel 1.5 hours one way in order to keep a check on him. I, my family and the church plea with you and your office for help. I can be contacted at any of the above letter head address or telephone numbers. I humbly thank you in advance for what ever you can provide us in this serious matter.
IN HIS SERVICE:
