The issue from this article is separate from the DSS disclosure issue. This is a DOL/DEW unemployment benefits issue. I have spoken with DEW about this and they have been working with Sen. Bryant on an amendment that is on the desk (according to Sally Foster). But, on the DSS disclosure issue, I circled up with Karen Wingo yesterday and she informed me that per Sens. Shealy and Bryant, the amendment is drafted, on the desk, and will be getting on the bill.

Do we know if Sen. Bryant plans to fix the public disclosure issue? Last I understood, was that he said in committee that he would put up an amendment to fix this.
