Please let me know if you have any questions.

VETO 32

For: Osprey Village

<http://ospreyvillage.org/timeline.shtml>

Taxpayer Cost: \$200,000

Background Information:

Osprey Village is a non-profit incorporated in 2008 at the home address of its founder – David Green – a web developer in Bluffton.

The intent of the village to provide housing and community support to individuals with disabilities.

Osprey Village does not exist – it has remained a concept since its inception seven years ago.

According to tax filings (attached), the organization raised \$182,364 from private donations, memberships, and grants from 2009-2013 – less than the total amount this earmark will provide the organization in a single year.

A thrift store in Bluffton was established to help fund the project, but has yielded little fruit – gross proceeds for the same five year period were less than \$350,000.
