Hi,

This is Melody, your go-to gal for your supplies. I hope you still remember me. I am now working for a different company that also caters to all your needs whether it be toners, office supplies, uniforms, boots, computers, printers, cleaning supplies, etc. Basically, we cater almost everything that you need. We work with different entities including private businesses, schools, state and federal agencies.

Please save my new contact information below and also please find time to check our line card attached here.

Also, please feel free to contact me if you have requirements I can work on for better pricing.

Hope to hear from you and continue doing business with you!
