Re: Extradition of **ARTHUR JAMES MEACHAM**

Dear Sergeant Galatin:

At the direction of Governor Greg Abbott, I am forwarding the governor's extradition warrant and related papers in the case of the above-named subject. Pursuant to the provisions of article 51.13, Texas Code of Criminal Procedure, you must execute this warrant as soon as possible, however, please contact your District Attorney's office prior to service of the Governor's warrant to ensure this defendant does not have any outstanding local criminal charges that may need to be disposed of prior to extradition procedures.

After the warrant has been served, the defendant must be taken before a judge of a court of record in this state who shall inform the defendant of the demand made for his extradition, the crime with which he is charged, and the right to demand and procure counsel. Failure to take a defendant before a judge prior to removal from Texas jurisdiction is subject to penal sanctions. The Uniform Criminal Extradition Act precludes the granting of bail once the defendant is arrested on the Governor's warrant.

Should the defendant file a writ of habeas corpus or disposition of a local charge delay action on this warrant, please notify this office as well as the demanding agency of any scheduled court dates, updates, or delays in the extradition process.

When all statutory requirements have been complied with and the defendant is available to transfer to the demanding state, please contact the following individual to arrange transportation, and **return all documents this office for filing** once the defendant has been released to the agent(s).
