## South Carolina State Parks

at 18:27:07 on 1/08/2015 UTC · 🌐

According to our official NOAA weather station located at Caesars Head State Park it was a "balmy" 1.5 degrees F at the park this morning! The wind chill makes it feel like -19. Brrrr! Caesars Head State Park has been an official NOAA weather station since 1924.

**Spring Slagle** Stay warm up there guys!

at 20:00:36 on 1/08/2015 UTC

**Carol J. Bramblett Pritchard** BRRRRRRRRR!!!! It was cold enough for me here in Georgetown at 18 degrees!!!!
