### Outdoor Adventures in South Carolina - South Carolina Insider

South Carolina is a great destination for all things outdoor. Hike or mountain bike on our beautiful mountains, or take a swim on our sandy beaches. There is no limit to great outdoor activities you will find!

**Kevin Smith** Marie, your youtube video on Chatooga River Trail is what got me hooked on doing that hike with my family, however I can't find anyone to help me with my plans such as Topographical Maps and Shuttle Services. I am pretty much brand new at hiking and I'm finding little to help me plan our hike in July.
