David,

Thank you for sending me this information. The SHPO concurs that no historic properties will be affected during the proposed undertaking.

When you have a moment, if you could send me the GIS files with the resource point and the architectural APE/survey area, I'll get those in the database. I'm trying to be consistent in updating that information.

Thanks!

Hello Joe—

Looks like I attached the TIFF photos to the message below but still owe you the survey card and tacking form. They are attached.

Hello Joe—

Per the SHPO/DOT programmatic agreement I am requesting SHPO NRHP eligibility review of 1 resource in Lancaster County. SCDOT recommends that the one resource depicted in the attached photos is not eligible for the NRHP (it has no known historic associations and was therefore gauged under Criterion C). If SHPO concurs we will process this project with a Cultural Resource Screening Form and send that (along with TIFF photos and survey cards) to you.

Let me know what you think. Thanks—
