The will be the same process as this week – electrical power will be shut off to the State House, Gressette, and Dennis buildings at 7 PM on Thursday.

Everyone should shut down and power off their PC/Laptop and printers before leaving work on Thursday evening. The power should be on early on Friday.

Blackberry phones will work as normal and email may also be accessed with the web client. The network and GovMail will be fully operational but you will need to go to another location such as the Brown or Wade Hampton buildings to access the network or GovMail.
