

Dear Governor Haley,

My name is Jerry Carlton Hanna. I am a U.S. Army veteran that was wrongly accused of 2 DUIs. My 1st was on March 14 2010 when I was involved in a hit & run where the other vehicle left the scene. I called the Highway Patrol to report the accident. When the trooper arrived even though I was bleeding from my ~~ear~~ head he never looked at my vehicle or my head he said u r under arrest for DUI. I refused the Breathalyzer cause I had brushed my teeth an hr prior and was always told toothpaste can cause you to fail a breathalyzer test. My second was May of 2013 when I was giving a friend a ride home from a bar because he was drunk. I picked him and his girlfriend up & was taking them home when I was blinded by bright lights on a Pike electrical truck in the on coming lane. There was another Pike truck in my lane with no lights or cones ~~there~~ by the time I seen it I hit it head on again I called 911 to report the

accident. I passed the rd side
sobriety test but the officer still
arrested me for DUI. I requested a
breathalyzer test because I knew that
I was nohow intoxicated. At the Police
station we had to wait because there
was another man taking the bac.
He was so drunk that he couldn't
stand on his own. He blew .000 how
I do not know and the officer said
I blew a .019. When I went to
court the public defender told me to
plead guilty even though I was innocent
and I would get a lighter sentence
because if I pleaded innocent it
would go to a jury trial and I
would be found guilty and have to do
jail time. The state took my license
until 2019. If there is anything
that you can do to maybe get
me at least 2 pts on my license
so I can drive & look for a job it
would be greatly appreciated. My
license # is 008979264 if you want to
check my record.

Sincerely
Jerry Carlton Danna

P.S.

I also got a DUS in January of 2014. My 29 yr old mother had a busted water line the day before the last big snow storm we had. I went to fix her water and on the way home dodged a deer & flipped my wife's minivan. I will do whatever it takes defensive driving class, one of those breath things installed on the vehicles that I drive or whatever I just want to be able to provide for my family and without a driver's license it is impossible. If you care to Email me my address is Jerry.Hanna71@yahoo.com and phone # is (864) 353-9183.
