Subject: Greetings from the HKS OCA, 50 Days to Graduation!

Greetings from the Harvard Kennedy School, Office of Career Advancement.

Today marks 50 Days to Commencement for the HKS Class of 2014!

As our students consider their options for post graduate employment, we invite your organization to advertise job opportunities to the HKS community. If interested, please reply to this email with a position description and application instructions. We will share your organization's available position(s) via our high-caliber HKS jobs and employers database "JACK," as well as through targeted outreach to our graduating students. Please feel free to forward this email to your HR office or to any other interested members of your organization. I am also including a link to our HKS Employer Guide, which explains additional options to partner with HKS.

The Class of 2014 Resume Book will be open to employer view at the end of April. If you or a colleague would be interested in viewing this online compilation of HKS Graduating Student Resumes, please let me know and I will email a copy when available.

The Harvard Kennedy School is residence to an outstanding and richly diverse group of graduate students, soon to become members of an amazing global network of alumni. Our graduates know how to lead, manage, and solve complex problems in the most demanding of situations. We thank you in advance for connecting professional opportunities to our Graduate School and look forward to building our partnership with you. Have a nice day.

Sincerely,
Karin Kane Bloom
