---

Please send your list to James, Steven, Russell, and Elaine. Copy Wanda, Beverly, and me. We need to get this done fast - within the next 20-30 days, no longer. Please coordinate and let me know how things are going. Thanks, Marcia

I spoke to Russell and he does have a contractor that can do the lock jobs. As soon as we get the list we will sit down and discuss what types of locks we need. As there are so many types of doors that may vary. Please advise if further information is required.
