Subject: LAC audit of voting machines

---

We are completing our review of voting machines in South Carolina. As part of this review, we looked at the training of election officials. Included in this section of the report is a discussion of the removal and replacement of county election commissioners and voter registration board members which is partly the responsibility of the Governor's Office. We would like to offer you the opportunity to review this section of the report and make any comments you would like. Of course we will give you the opportunity for a briefing on the full report when it is due to be published, hopefully by the end of March. Just let me know if you would like to review the training section of the report and we will get it to you. Thank you!
