

7/7/15

Dear Governor Haley,

My name is Lennell Dyches from South Carolina and I'm incarcerated in the USP Atlanta, Ga. My reason for writing you is for some assistance. The attorney I paid to represent me forged/photo copied my signature on a plea agreement. The attorney's name is Joenathan S. Chaplin of S.C. in Columbia. Chaplin lost his law firm May of last year due to some other scheme. Chaplin was indicted for some other issue dealing with the Treasury Department.

Furthermore, the strategy he was going to use in my defense was a private evaluation, in which I paid Chaplin for, but he never gave me a copy. The evaluation deemed me incompetent but instead Chaplin photo copied my name on a plea for 32 years. Chaplin is known as the "Leprechaun" accross South Carolina.

Please Governor Haley, if you can help me, please do.

Sincerely

Lennell Dyches
