Operate at peak efficiency **WITH GPS FLEET MANAGEMENT.**

[Register now](#) to attend Verizon Networkfleet's free, 30-minute webinar on fleet efficiency and utilization on June 24th at 11am Pacific / 2pm Eastern.

The more efficiently you run your business, the more you reap the benefits. Register now for Networkfleet's 30-minute webinar to learn how GPS fleet management helps get the most out of your people and your vehicles by:

- **Optimizing Vehicle Usage** - tracking vehicle usage on a daily, weekly, or monthly basis can help identify which vehicles might be under- or over-utilized
- **Driving Fewer Miles** - the result is faster, more efficient service calls or deliveries that lead to lower operational expenses and greater customer satisfaction
- **Optimizing Fleet Size** - identifying which vehicles require the most maintenance, which deliver the best fuel economy, and how often they're being used can help companies make decisions on which vehicles are most efficient
- **Automating Systems and Processes** - eliminating paperwork, setting proactive reminders to improve preventive maintenance, and automatically tracking service records allows you to save time and money

Register today for Networkfleet's [How to Manage Your Fleet More Efficiently with GPS Vehicle Tracking Webinar](#) on **Wednesday, June 24th at 11am Pacific / 2pm Eastern**. During the webinar you'll learn how telematics solutions provide the in-depth, and easy to gather, fleet performance data you need to optimize fleet size and improve vehicle utilization.
