There are a lot of stories moving around about it now. Looks like this was the one Brad was talking about.

Who is the request in from on Real ID? What's the deadline on it? What is the specific question they are asking?

Hey guys. DMV has gotten its first media inquiry on REAL ID.

Attached is the background document they've prepared. Are you all comfortable with the release of this information?

Hi Brian,

We've prepared the attached document to have on hand for legislatures or the press when questions about REAL ID and South Carolina's compliance arise moving forward. We feel this document addresses where South Carolina is and what still needs to be done as the full compliance date moves closer. When you get a chance, please look over the document and offer any changes that you feel would better

articulate this message. We received one press inquiry last week, but it came to me through a messenger. I asked the reporter via email (I believe from the Washington Times) to contact me, but she never did.

I appreciate your feedback! Please let me know what else I can supply you with.
