

Dear Governor Haley -

Seaton's Greetings

from all of us at Sustainable
Forestry Initiative! Thank you
for your continued support of SFI
certification of SC State Forests and
responsible forest practices in
South Carolina.

- Barry Graden

SFI's science-based standard was developed to promote sustainable forest management in North America. The SFI forest standard includes measures to protect water quality, biodiversity, wildlife habitat, species at risk and Forests with Exceptional Conservation Value — and calls for prompt reforestation of harvested areas.
