Subject: SAS Child Welfare - Update

Holly,

I met with Austin yesterday briefly and he thought it would be a good idea to reach out to you and give you a heads up on something.

Dwight Loftis in the House has asked for information around what SAS is doing for Child Welfare in Florida. I am going to share with him the exact information that I shared with you. I do not want you or Austin thinking that I am pushing this on the General Assembly as we discussed we would not do, but Dwight is very interested in what we are doing with EVAAS over at the department of Education and has asked for other initiatives that we have been working on. I doubt anything will come of our sharing the information but I just wanted to give you the courtesy heads up in case he asked any follow up questions.

Have you had any other conversations with the department on what we shared?

Thanks for your time here,

Justin
