I don't know if there are plans for you to remain with her team, but congratulations are in order. The announcement this morning is incredible and I'm proud to be among Gov. Haley's constituents. I wish her and your entire staff the best going forward. I will watch her as UN Ambassador and look forward to keeping her people at home as well informed as possible. Now, if Trump will name Gen. Mattis as SecDef, I can really get on board with this administration. Congratulations, again. Your work undoubtedly helped in the Governor's nomination. Have a happy Thanksgiving, Chaney!
