## SECTION 3 BILLING PROCEDURES

### GENERAL INFORMATION

The South Carolina Department of Health and Human Services (SCDHHS) strives to make billing as simple for providers as possible. This section is a “how-to” manual on billing procedures with information on how to file a claim, what to do with a rejected claim, etc. Also included is information concerning administrative procedures such as adjustments and refunds. This section will help with these issues, but may not answer all of your questions. You should direct any questions to your program manager. See Section 5 for more detailed information on correspondence and inquiries.

### USUAL AND CUSTOMARY RATES

Providers are required to bill their usual and customary rate when filing Medicaid claims. Charges to Medicaid cannot exceed charges to private patients, whether they are self-pay or covered by another carrier. Billing of covered procedures prior to the date of service is prohibited.

### CLAIM FILING TIMELINESS

Medicaid policy requires that only “clean” claims and related Edit Correction Forms (ECFs) received and entered into the claims processing system within one year from the date of service be considered for payment. A “clean” claim is free of errors and can be processed without obtaining additional information from the provider or another third party. Claims with an edit code of 509 or 510 on paper remittances, or CARC 29 on an electronic Remittance Advice, have not met these criteria. It is the provider’s responsibility to follow up on claims in a timely manner to ensure that all claims and ECFs are filed and corrected within Medicaid policy limits. It is also the provider’s responsibility to file claims for all outstanding accounts immediately upon becoming aware of a patient’s Medicaid eligibility.

### DUAL ELIGIBILITY

When a beneficiary has both Medicare and Medicaid, Medicare is considered to be the primary payer. Services rendered to persons who are certified dually eligible for Medicare/Medicaid must be billed to Medicare first.

## SECTION 3 BILLING PROCEDURES

### GENERAL INFORMATION

#### MEDICARE CROSSOVER CLAIMS FOR COINSURANCE AND DEDUCTIBLE

All claims not paid in full by Medicare must be filed directly to Medicaid as claims no longer cross over for automatic payment review.

#### MEDICARE PRIMARY CLAIM

Claims for payment when Medicare is primary must be received and entered into the claims processing system within two years from the date of service or discharge, or within six months following the date of Medicare payment, whichever is later.

#### RETROACTIVE ELIGIBILITY

Claims involving retroactive eligibility must be received within six months of the beneficiary's eligibility determination or one year from the date of service delivery, whichever is later. When the date of service is over a year old, claims should be submitted to MCCS with a statement from the SCDHHS county office verifying the retroactive determination attached.

When a claim involving retroactive eligibility is rejected for edit 510 or CARC 29 (the date of service is more than one year old), it is the provider's responsibility to contact the program area manager within six months of the rejection to request an exception. The exception request must state when the Medicaid eligibility became evident, and documentation of this research should be attached to the claim or ECF. The rejection will be reviewed by management staff for an exception using all of the following criteria:

- The claim in question was filed within 30 days from the time Medicaid coverage became evident to the provider.
- Research of the Medicaid system shows no paid or rejected claim for this beneficiary filed by the provider.
- The provider has exhausted all efforts of research for possible Medicaid coverage such as contact with the patient, other providers involved with the patient's care, etc. The provider should attach written documentation of this research to the claim or ECF.

## SECTION 3 BILLING PROCEDURES

### GENERAL INFORMATION

#### BENEFICIARY COPAYMENTS

Section 1902(a)(14) of the Social Security Act permits states to require certain beneficiaries to share some of the costs of Medicaid by imposing copayments upon them. A copayment is the amount of money the beneficiary is expected to pay to the provider at the time services are received.

**Effective for dates of service on and after March 31, 2004, South Carolina Medicaid requires a copayment from beneficiaries toward the cost of their care.** See the Schedule of Copayments in Appendix 3 of this manual.

Medicaid beneficiaries may not be denied services if they are unable to pay the copayment at the time the service is rendered; however, this does not relieve the beneficiary of the responsibility for the copayment.

It is the provider's responsibility to collect the copayment from the beneficiary to receive full reimbursement for a service. The amount of the copayment will be deducted from the Medicaid payment for all claims involving copayments.

When a beneficiary has Medicare or private insurance, the Medicaid copayment still applies per the policies outlined in this section. However, if the sum of the copayment and the Medicare/third party payment would exceed the Medicaid-allowed amount, the copayment should be adjusted or eliminated. In other words, though a provider may receive a primary insurance payment higher than what Medicaid would pay, the beneficiary's copayment should not contribute to the excess revenue.

#### Claim Filing Information

The collection of copayment should not be entered in the Amount from Other Sources field on the CMS-1500 claim form; this would result in an additional reduction in payment.

#### Copayment Exclusions

Pursuant to federal regulations, the following are excluded from copayments: children under the age of 19; institutionalized individuals; home-based and community-based waiver individuals; and individuals receiving hospice care, family planning services, pregnancy-related services, and emergency services.

## SECTION 3 BILLING PROCEDURES

### GENERAL INFORMATION

#### Billing Instructions for Service Provided as the Result of an Emergency

If the service was provided as the result of an emergency, providers should utilize the following billing instructions to exempt co-payment:

#### **CMS-1500**

The indicator “Y” must be present in field 24C (unshaded), Emergency Indicator, or the corresponding field on the electronic claim record.

#### Claims Filed via the Web Tool: Use of Emergency Indicator

If services have been rendered on an emergency basis, that information must be included on your South Carolina Medicaid Web-based Claims Submission Tool (Web Tool) claim.

#### **CMS-1500**

- *Claims Entry > Claim Type > Add > Add/Edit Details > Emergency Indicator*
  - The Emergency IND field is located at the line detail level.
  - The Drop-down box defaults to N-NO; if the service has been rendered on an emergency basis, change the field to Y-YES.

**Note:** Refer to the ANSI X-12 Implementation Guide and South Carolina Medicaid Companion Guides at [www.scdhhs.gov](http://www.scdhhs.gov) for additional information on all electronic transactions.

## SECTION 3 BILLING PROCEDURES

### CLAIM FILING OPTIONS

Providers may choose one or more of the following options for filing claims:

- Paper Claims
- Electronic Claims
  - o South Carolina Medicaid Web-based Claims Submission Tool
  - o Tapes, Diskettes, CDs, and Zip Files
  - o Modem
  - o File Transfer Protocol (FTP)

### PAPER CLAIMS SUBMISSIONS

Paper claims are mailed to Medicaid Claims Receipt at the following address:

Medicaid Claims Receipt  
Post Office Box 1412  
Columbia, SC 29202-1412

### CMS-1500 Claim Form

Professional Medicaid claims must be filed on the CMS-1500 claim form (08/05 version). Alternate forms are not acceptable. "Super Bills" and Continuous Claims are not acceptable and will be returned to the provider for correction. Use only black or blue ink on the CMS-1500.

Each CMS-1500 submitted to South Carolina Medicaid must show charges totaled. ONLY six lines can be processed on a hard copy CMS-1500 claim form. If more than six lines are submitted, only the first six lines will be processed for payment or the claim may be returned for corrective action.

SCDHHS does not supply the CMS-1500 (08/05 version) to providers. Providers should purchase the form in its approved format from the private vendor of their choice. Examples of the CMS-1500 claim form and a list of vendors who supply the form can be found in Section 5 of this manual.

Providers using computer-generated forms are not exempt from Medicaid claims filing requirements. The SCDHHS data processing personnel should review your proposed

## SECTION 3 BILLING PROCEDURES

### CLAIM FILING OPTIONS

#### CMS-1500 Claim Form (Cont'd.)

format before it is finalized to ensure that it can be processed.

#### *Procedural Coding*

South Carolina Medicaid requires that claims be submitted using codes from the current editions of the Healthcare Common Procedure Coding System (HCPCS) and the Current Procedural Terminology (CPT). Providers may also use supplemental codes as outlined in the various sections of this manual, the HIPAA medical codes crosswalk, and Medicaid bulletins.

The Centers for Medicare and Medicaid Services revises the nomenclature within the HCPCS/CPT each quarter. When a HCPCS/CPT code is deleted, the South Carolina Medicaid program discontinues coverage of the deleted code. When new codes are added, SCDHHS reviews the new codes to determine if the South Carolina Medicaid program will cover them. Until the results of the review are published, SCDHHS does not guarantee coverage of the new codes.

The 90-day grace period for billing discontinued HCPCS/CPT codes was eliminated January 1, 2005. Providers must adopt the new codes in their billing processes effective January 1 of each year and begin using them for services rendered on or after that time to assure prompt and accurate payment of claims.

The current editions of HCPCS/CPT may be ordered from:

Order Department  
American Medical Association  
PO Box 930876  
Atlanta, GA 31193-0876

You may order online at [www.amabookstore.com](http://www.amabookstore.com)  
or call toll free 1-800-621-8335.

#### *Code Limitations*

Certain procedures within the HCPCS/CPT may not be covered or may require additional documentation to establish their medical necessity or meet federal guidelines.

#### *Diagnostic Codes*

South Carolina Medicaid requires that claims be submitted using the current edition of the *International Classification of Diseases, Ninth Edition, Clinical Modification* (ICD-9-CM). Only Volumes I and II are necessary to determine diagnosis codes.

## SECTION 3 BILLING PROCEDURES

### CLAIM FILING OPTIONS

#### *Diagnostic Codes (Cont'd.)*

Effective for dates of service on or after October 1, 2004, no further 90-day grace periods apply for the annual ICD-9-CM updates. Physicians, practitioners, and suppliers must bill using the diagnosis code that is valid for that date of service. Medicaid no longer accepts discontinued codes for dates of service after the date on which the code is discontinued. The new codes must be adopted for billing effective October 1 of each year and used for services rendered on or after that time to assure prompt and accurate payment of claims.

Medicaid requires the addition of a fourth or fifth digit, if applicable, to an ICD-9 code. Valid diagnosis coding can only be obtained from the most current edition of ICD-9-CM, Volume I. "E" codes are sub-classification codes of external causes of injury and poisoning and are not valid as diagnosis codes.

A current edition of the ICD-9-CM may be ordered from:

Practice Management Information Corporation  
4727 Wilshire Boulevard, Suite 300  
Los Angeles, CA 90010

You may order online at [www.pmiconline.com](http://www.pmiconline.com) or call toll free 1-800-MED-SHOP.

#### *Modifiers*

Certain circumstances must be identified by the use of a two-digit modifier that follows the procedure code. Failure to use these modifiers according to policy will slow turnaround time and may result in a rejected claim.

Only the first modifier entered is used to process the claim. Failure to use modifiers in the correct combination with the procedure code, or invalid use of modifiers, will result in a rejected claim.

The following modifiers may be used:

<u>Modifier</u>	<u>Description</u>
FP	Family Planning — Services are provided as part of the South Carolina Medicaid Family Planning Program.

	99	Other Unlisted Facility

*National Provider Identifier  
and Medicaid Provider  
Number*

Providers who are covered entities under HIPAA are required to obtain a National Provider Identifier (NPI). These “typical” providers must apply for an NPI and share it with South Carolina Medicaid. For information on how to obtain an NPI and taxonomy code, please see the SCDHHS NPI information page at [www.dhhs.state.sc.us/dhhsnew/serviceproviders/npi\\_info.asp](http://www.dhhs.state.sc.us/dhhsnew/serviceproviders/npi_info.asp).

Effective March 1, 2008, claims from typical providers must contain an NPI for each rendering, pay-to, and billing provider or they will reject.

Effective May 23, 2008, South Carolina Medicaid will stop accepting the six-character legacy Medicaid provider number altogether.

**Between March 1, 2008, and May 23, 2008, typical providers can identify themselves on standard transactions and hard copy claims in either of two ways:**

- **Six-character legacy Medicaid provider number and NPI (the “dual use” strategy):** Both the Medicaid provider number and the NPI are used for each rendering, pay-to, and billing provider on the claim. For example, do not enter the Medicaid provider number only for one provider on the claim and the NPI only for another provider on the claim.
- **NPI only:** Only the NPI is used for each rendering, pay-to, and billing provider on the claim. The provider must ensure that NPIs used on the claim are registered with SCDHHS prior to using NPI only. The taxonomy code must also be included for

## SECTION 3 BILLING PROCEDURES

### CLAIM FILING OPTIONS

*National Provider Identifier  
and Medicaid Provider  
Number (Cont'd.)*

each rendering, pay-to, and billing provider when billing with NPI only.

Providers are strongly encouraged to continue the dual use strategy of using both their NPI and their six-character legacy Medicaid provider number on claims until May 23, 2008. Doing this will allow SCDHHS adequate information to verify crosswalk strategy for each provider number and will ensure that accurate payments are made.

Atypical providers (non-covered entities under HIPAA) will continue to use their six-character legacy Medicaid provider number to identify themselves on claims.

*CMS-1500 Form Completion  
Instructions*

All claims, regardless of the date of service, must be submitted on the 08/05 version of the CMS-1500 (see sample claims in the Forms section of this manual). Use only black or blue ink on this claim form.

**Field**    **Description**

\* Required for claim to process

\*\* Required if applicable (based upon the specific program area requirements)

**1      Health Insurance Coverage**

Show all types of coverage applicable to this claim by checking the appropriate box(es). If Group Health Plan is checked and the patient has only one primary health insurance policy, complete either block 9 (fields 9a, 9c, and 9d) **or** block 11 (fields 11, 11b, and 11c). If the beneficiary has two policies, complete both blocks, one for each policy.

**IMPORTANT:** Check the “**MEDICAID**” field at the top of the form.

**1a\*    Insured’s ID Number**

Enter the patient’s Medicaid ID number, exactly as it appears on the Medicaid card (10 digits, no letters).

**2      Patient’s Name**

Enter the patient’s first name, middle initial, and last name.

### CLAIM FILING OPTIONS

#### ELECTRONIC CLAIMS SUBMISSIONS

##### Trading Partner Agreement

The South Carolina Department of Health and Human Services (SCDHHS) encourages electronic claims submissions. All Medicaid providers who elect to submit or receive electronic transactions are required to complete a Trading Partner Agreement (TPA). The TPA outlines the basic requirements for receiving and sending electronic transactions with SCDHHS. For specifications and instructions on electronic claims submission or to obtain a TPA, visit [www.scdhhs.gov](http://www.scdhhs.gov) or call the South Carolina Medicaid EDI Support Center at 1-888-289-0709.

Copies of the TPA may also be obtained from:

South Carolina Medicaid EDI Support Center  
Post Office Box 17  
Columbia, SC 29202

##### Companion Guides

Providers submitting electronic transactions must comply with all federal guidelines as contained in the HIPAA-required ANSI X-12 Implementation Guide, and with SCDHHS guidelines as contained in the South Carolina Medicaid Companion Guides. The Companion Guides explain the situational and optional data required by South Carolina Medicaid and are available for download at [www.scdhhs.gov](http://www.scdhhs.gov). Information regarding placement of NPIs, taxonomy codes, and six-character legacy Medicaid provider numbers on electronic claims can also be found here.

Companion Guides are available for the following transactions:

- 837P Professional Health Care Claim
- 837I Institutional Health Care Claim
- 837D Dental Health Care Claim
- 835 Claim Payment/Advice
- 276/277 Claim Status Inquiry/Response
- 270/271 Eligibility Verification Request/Response
- 278 Prior Authorization

## SECTION 3 BILLING PROCEDURES

### CLAIM FILING OPTIONS

#### Transmission Methods

An Electronic Data Interchange (EDI) transaction is the movement of data between two entities. EDI software enables providers to submit claims directly to South Carolina Medicaid.

The following options may be used to submit claims electronically:

#### *Tapes, Diskettes, CDs, and Zip Files*

A biller using this option records transactions on the specified media and mails them to:

South Carolina Medicaid Claims Control System  
Post Office Box 2765  
Columbia, SC 29202-2765

#### *Modem*

A biller using this option connects directly to South Carolina Medicaid with a modem. Once connected, the biller is able to exchange electronic transactions with South Carolina Medicaid.

#### *File Transfer Protocol*

A biller using this option exchanges electronic transactions with South Carolina Medicaid over the Internet.

#### *South Carolina Medicaid Web-based Claims Submission Tool*

The South Carolina Medicaid Web-based Claims Submission Tool is a free, online Web-based application for submitting HIPAA-compliant professional, institutional, and dental claims and associated adjustments to South Carolina Medicaid. The Web Tool offers the following features:

- Providers can submit online CMS-1500, UB, and Dental claims.
- List Management allows users to develop their own list of frequently used information (*e.g.*, beneficiaries, procedure codes, diagnosis codes, etc.). During claims entry the user has the ability to select information from lists rather than repetitively keying, thus saving valuable time and increasing accuracy.
- Providers can check claims status using either of two options. Claims Status displays status for claims regardless of the submission method. Web Submitted Claims displays status for claims submitted via the Web Tool.

## SECTION 3 BILLING PROCEDURES

### CLAIM FILING OPTIONS

*South Carolina Medicaid  
Web-based Claims  
Submission Tool (Cont'd.)*

- No additional software is required to use this application.
- Data is automatically archived.
- Providers can verify beneficiary eligibility online by entering Medicaid ID, Social Security Number, or a combination of name and date of birth.

The minimum requirements necessary for using the Web Tool are:

- Signed Trading Partner Agreement
- Microsoft Internet Explorer (version 6.0 or greater)
- Internet Service Provider (ISP)
- Pentium series processor (recommended)
- Minimum of 32 megabytes of memory
- Minimum of 20 megabytes of hard drive storage

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### REMITTANCE PACKAGE

Each week, SCDHHS sends remittance packages to all providers who have had claims processed during the previous week. This package contains any or all of the following:

- A Remittance Advice will be included listing all claims processed during that week and the status of each claim.
- For every claim with status R (rejected), an edit correction form (ECF) will be included in the remittance package. **Note:** Claims with line item rejects resulting in partially paid claims will not generate an ECF. To be considered for payment, the rejected lines must be filed back to Medicaid.
- Unless an adjustment has been made, a check will be enclosed equaling the sum total of all claims on the Remittance Advice with status P (paid).

**Note:** Providers with electronic fund transfers receive only the Remittance Advice and accompanying ECFs.

#### Remittance Advice

The Remittance Advice is an explanation of payments and action taken on all processed claim forms and adjustments.

#### *Paper Remittance Advice*

The information on the Remittance Advice is drawn from the original claim submitted by the provider. (See the Forms section of this manual for a sample Remittance Advice.) If a claim is rejected or suspended, the Remittance Advice will display the claim without payment. For a claim that is rejected, edit codes will be listed on the Remittance Advice (under “Recipient Name”) and an Edit Correction Form (ECF) will be attached. If some lines on the claim have paid and others are rejected, an ECF will not be generated for the rejected lines. ***Evaluate the reason for the rejection and refile the rejected lines only, if appropriate. Corrections cannot be processed from the Remittance Advice.***

Processed claims and/or lines are assigned one of four statuses in field 10 on the Remittance Advice:

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### *Paper Remittance Advice (Cont'd.)*

- **Status “P”** – Paid claims or lines
- **Status “S”** – Claims in process that require medical or technical review and are suspended to program areas. Status “S” will be resolved by SCDHHS. Provider response is not required for resolution unless it is requested by SCDHHS. If the claim is not resolved within 30 days, check it for errors and refile.
- **Status “R”** – Rejected claims or lines
- **Status “E”** – Encounter data (line contains service provided by the PCP). No action required.

#### *Electronic Remittance Advice*

Providers who file electronically using EDI Software can elect to receive an electronic Remittance Advice (835). Electronic Remittance Advices contain Claim Adjustment Reason Codes (CARCs), broad definitions of why claims did not pay as billed, and Remittance Advice Remark Codes (RARCs), more detailed reasons for why claims did not pay as billed. (See Appendix 1 for a listing of CARCs and RARCs.) The electronic Remittance Advice will only report items that are returned with P or R statuses.

During the NPI contingency period (through May 23, 2008), the Remittance Advice will be formatted as follows:

- If the claim pays by NPI, the NPI will be sent on the 835 or hard copy Remittance Advice.
- If the claim pays by the six-character Medicaid legacy provider number, the six-character Medicaid legacy provider number will be sent on the 835 or the hard copy Remittance Advice.

#### **Reimbursement Check**

The remittance package will include the provider's reimbursement check unless the provider has an Electronic Funds Transfer (direct deposit) agreement for reimbursement to be directly deposited into a banking account. (See **Electronic Funds Transfer** for more information.)

The reimbursement check represents an amount equaling the sum total of all claims on the Remittance Advice with status P. If an adjustment request has been completed, it will appear on the Remittance Advice. (See **Claim Adjustments** later in this section.)

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### *Uncashed Medicaid Checks*

In instances where Medicaid checks to providers remain outstanding 180 days or longer from the date of check issue, SCDHHS is required by federal regulations to refund to the federal government the federal share of those Medicaid checks. Therefore, SCDHHS will have the bank return (or not honor) Medicaid checks presented for payment that are 180 days old or older.

#### *Electronic Funds Transfer (EFT)*

Electronic Funds Transfer (EFT) is an option available to providers who wish to receive direct deposit payment instead of a paper check. Providers who elect to receive EFT payments will still receive a paper Remittance Advice. To enroll, contact your program area. An Authorization Agreement for Electronic Funds Transfer form is included in the Forms section of this manual.

#### *Edit Correction Form (ECF)*

When an entire claim rejects (status “R”) the Remittance Advice will be accompanied by an Edit Correction Form (ECF). (See the Forms section of this manual for a sample ECF.)

The ECF is generated for the purpose of making corrections to the original claim. Except for possible data entry error, information on the ECF reflects the information submitted on the claim form.

Rejected claims may be resolved in either of two ways. An entirely new corrected CMS-1500 claim form may be submitted, or the appropriate corrections may be made to the ECF using **RED** ink and resubmitted for payment. **Do not circle any item.**

It is possible for some lines on a claim to be paid while other lines on the same claim are rejected. Due to the fact that some payment was made on the claim, an ECF will not be provided in these cases. When part of a claim is paid and part is rejected, the unpaid line items must be corrected and resubmitted on a new claim form.

**Note:** Medicaid will pay claims that are up to one year old. If the date of service is greater than one year old, Medicaid will not make payment. The one-year time limit does not apply to **retroactive eligibility** for beneficiaries. Timeliness standards for the submission and resubmission of claims may be found in Section 1 of this manual.

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### *Edit Identification*

The upper right section of the ECF contains a field entitled EDITS; this is the edit identification section. Underneath that title, one or more three-digit edit codes will be listed to indicate all edits detected by the MMIS claims processing system. Except for possible data entry errors, all information on the ECF is taken from the claim form. A list of edit codes, along with CARCs, RARCs, and resolutions, can be found in Appendix 1.

#### *Edit Types*

##### **Insurance Edits**

These edit codes apply to third-party carrier coverage. They can stand alone or be prefaced by a number (00, 01, etc.). Always review these insurance edit codes first.

##### **Claim Edits**

These edit codes apply to the body of the claim (not the line items) and have rejected the entire claim from payment. Such edits either stand alone or are prefaced by "00."

##### **Line Edits**

These edit codes are line specific and are always prefaced by a number ("01," "02," etc.). They apply to only the line indicated by the number.

#### *Description of Fields*

##### **Claim Control**

A 16-digit number followed by an alpha suffix is assigned to each original invoice (upper right corner of ECF). This is the Claim Control Number (CCN).

##### **Doc Ind**

The Document Indicator field will indicate "Y" when documentation was attached to the hard copy claim and "N" when documentation was not attached. Documentation is anything attached to the claim when originally received for processing (*i.e.*, medical records, insurance explanation of benefits, copy of a Medicaid card, letter, etc.).

##### **EMC**

The Electronic Media Content field will indicate "Y" when the claim was electronically transmitted and "N" when the claim was filed hard copy.

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### *Description of Fields (Cont'd.)*

#### **Rejections for Duplicate Billing**

The original claim payment information is provided when a claim is rejected for duplicate billing. This eliminates the need for contacting SCDHHS program staff for the original reimbursement date.

When a claim is rejected for duplicate billing, the payment date of the original claim appears beside the duplicate edit code within a block named Claims/Line Payment Information. This block is located on the ECF on the upper right side above all other edit information.

#### **Section 1: Provider/ Beneficiary Information**

The following numbered items represent field numbers on the ECF:

**Insurance Policy Information**

Carrier code, policy number, and name of insurance policyholder on file with South Carolina Medicaid at the time the claim was processed.

**Resolution Instructions**

Each edit code has associated instructions to assist the providers in resolving their claims. **See Appendix 1 for a list of edit codes and their resolutions.**

Follow these instructions for resolving each edit on an ECF:

1. Match and compare the ECF with a copy of the original claim.
2. Review the Edit Code section to determine the error(s).
3. Review the edit code description and resolution.
4. Make the appropriate corrections for each edit using RED ink by striking a line through the incorrect data and entering the correct data directly

above or as close as possible to the data being corrected. If the field is blank, enter the missing data using RED ink.

5. Place a RED check mark over each corrected edit in the edit identification section. **DO NOT MAKE ANY OTHER MARKS OR NOTES ON THE ECF.**
6. If necessary, staple applicable attachments to the ECF.
7. Resubmit the ECF to the return address shown on the lower portion of the ECF.

**Note:** All corrections and additions to the ECF must be made in RED. Do not circle any item. In addition, ECFs must be resolved before resubmitting. Writing a note and/or signing an ECF and submitting to Medicaid Claims Receipt will not resolve the ECF. Any Edit Correction Forms returned to SCDHHS with no corrective action taken may be discarded. If you are unable to resolve an ECF, contact your Medicaid program representative for assistance before resubmitting your claim. Except for possible data entry error, information on the ECF reflects the information submitted on the claim form.

#### THIRD-PARTY LIABILITY (TPL)

The SCDHHS Health Insurance Information Referral Form is used to document third-party insurance coverage, policy changes, beneficiary coverage changes, carrier changes, and policy lapse information. A copy of this form is included in the Forms section of this manual. Completed forms should be mailed or faxed directly to Medicaid Insurance Verification Services at the following address:

Medicaid Insurance Verification Services  
Post Office Box 101110  
Columbia, SC 29211-9804  
Fax: (803) 252-0870

#### Cost Avoidance

Under the cost avoidance program, claims billed primary to Medicaid for many providers will automatically be rejected for those beneficiaries who have other resources available for payment that are responsible as the primary payer.

Providers should not submit claims to Medicaid until payment or notice of denial has been received from any

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### Cost Avoidance (Cont'd.)

liable third party. However, the time limit for filing claims cannot be extended on the basis of third-party liability requirements.

If a claim is rejected for primary payer(s), the Edit Correction Form will supply all information necessary for the provider to file with the third-party payer. This information is listed to the right of the Medicaid claims receipt address on the ECF under the heading "INSURANCE POLICY INFORMATION" and includes the insurance carrier code, the policy number, and the name of the policyholder. Information about the carrier address and telephone number may be found in Appendix 2 of this manual or at the SCDHHS Web site ([www.scdhhs.gov](http://www.scdhhs.gov)). More specific policy information such as the group number can be provided by your program representative.

#### Reporting Third-Party Insurance On a CMS-1500 Claim Form

After the claim has been submitted to the third-party payer, and the third-party payer denies payment or the third-party payment is less than the Medicaid allowed amount, the provider may submit the claim to Medicaid. To indicate that a claim has been submitted to a third-party insurance carrier, include the carrier code, the policy number, and the amount paid. Instructions are provided earlier in this section on coding the CMS-1500 claim for third-party insurance information.

If the third party denies payment, the TPL indicator for "insurance denied" should be entered in the appropriate field on the CMS-1500 claim form. For the CMS-1500 (version 08/05) the appropriate field for TPL coding is field 10d. The TPL indicators accepted are:

#### Code Description

- |   |                           |
|---|---------------------------|
| 1 | Insurance denied          |
| 6 | Crime victim              |
| 8 | Uncooperative beneficiary |

If the third-party payment is equal to or greater than the South Carolina Medicaid established rate, Medicaid will not reimburse the balance. The Medicaid beneficiary is **not liable** for the balance.

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### Third-Party Liability Exceptions

Providers may occasionally encounter difficulties in obtaining documentation and payment from third parties and beneficiaries. For example, the third-party insurer may refuse to send a written denial or explanation of benefits, or a beneficiary may be missing or uncooperative. In such cases it is the provider's responsibility to seek a solution to the problem.

Providers have many resources available to them for pursuing third party payments. Program areas will work with providers to explore these options.

As a final measure, providers may submit a reasonable effort document along with a claim filed as a denial. This form can be found in the Forms section of this manual. The reasonable effort document must demonstrate sustained efforts of claim submission and/or adequate follow-up to obtain the needed action from the insurance company or beneficiary. This document should be used only as a last resort, when all other attempts at contact and payment collection have failed.

The reasonable effort documentation process does not exempt providers from timely filing requirements for claims. Please refer to **Time Limit for Submitting Claims** in Section 1.

If the provider received an ECF or is filing a hard copy claim, the reasonable effort document should be attached to the claim form or ECF and returned to Medicaid Claims Processing.

#### *Dually Eligible Beneficiaries*

When a dually eligible beneficiary also has a commercial payer, the provider should file to all payers before filing to Medicaid. If the provider chooses to submit a CMS-1500 claim form for consideration of payment, he or she must declare all payments and denials. If the combined payments of Medicare and the other payer add up to less than Medicaid's allowable, Medicaid will make an additional payment up to that allowable. If the sum of Medicare and other payers is greater than Medicaid's allowable, the claim will reject with the 690 edit (payment from other sources is more than Medicaid allowable).

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### *TPL Refunds*

When reimbursed by both Medicaid and third-party insurance, the provider must refund the lesser of either the amount paid by Medicaid or the full amount paid by the insurance company. See **Claim Adjustments** and **Refunds** later in this section.

#### Medicaid Recovery Initiatives

##### *Retro-Health Insurance*

Where SCDHHS discovers a primary payer for a claim Medicaid has already paid, SCDHHS will pursue recovery. Once an insurance policy is added to the TPL policy file, claims that have services in the current and prior calendar years are invoiced directly to the third party.

##### *Retro-Medicare*

Every quarter, providers are notified by letter of claims Medicaid paid primary for beneficiaries with Medicare coverage. The letter provides the beneficiary's Medicare number to file the claim with Medicare. The Medicaid payments will be recouped within 30 days of the date of the letter. Please retain the letter for accurate accounting of the recoupment. Questions about this letter may be referred to Medicaid Insurance Verification Services (MIVS) at (803) 252-7070.

Where claims have been pulled into retro Medicare and retro health for institutional providers, the provider should not attempt to refund the claim with a void or void/replacement claim. Should they do so, they will incur edits 561,562 and 563.

#### Carrier Codes

All third-party payers are assigned a three-digit code referred to as a carrier code. The appropriate carrier code must be entered on the CMS-1500 form when reporting third-party liability.

The list of carrier codes (Appendix 2) contained in this manual is categorized both alphabetically by the names of the insurance companies and numerically by the carrier code assigned to each company. These codes are current at the time of publication of this manual; however, they are subject to change.

If a particular carrier or carrier code cannot be found in this manual, providers should consult the carrier codes updated each quarter on the SCDHHS Web site ([www.scdhhs.gov](http://www.scdhhs.gov)).

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### Carrier Codes (Cont'd.)

If a particular carrier code is neither listed in the manual nor on the SCDHHS Web site, providers may use the generic carrier code 199 for billing purposes. Contact the program area for assistance should an ECF list a numerical code that cannot be located in the carrier codes either in this manual or online.

#### CLAIM ADJUSTMENTS

Adjustments can be made to paid claims only. A request may be initiated by the provider or SCDHHS. SCDHHS-initiated adjustments are used when the agency determines that an overpayment or underpayment has been made to a provider; SCDHHS will notify the provider when this occurs. Questions regarding an adjustment should be directed to your Medicaid program manager. It is important to note that discontinuation of participation in Medicaid will **NOT** eliminate an existing overpayment debt.

A **claim-level adjustment** is a **detail-level** Void (debit) or Void/Replacement that is used to correct both the payment history **and** the actual claim record. It is limited to one claim per adjustment request. A Void claim will always result in an account debit for the total amount of the original claim. A Void/Replacement claim will generate an account debit for the original claim and re-file the claim with the corrected information.

A **gross-level adjustment** is defined as a **provider-level** adjustment that is a debit or credit that will affect the financial account history for the provider; however, the patient claim history in the Medicaid Management Information System (MMIS) will not be altered, and the Remittance Advice will not be able to provide claim-specific information.

#### Claim-Level Adjustments

Effective November 22, 2004, all Medicaid providers are able to initiate claim-level adjustments. Please note: gross-level adjustments may still be used as discussed in **Gross-Level Adjustments**. The process for claim-level adjustments gives providers the option of initiating their own corrections to individual claim records. This process allows providers to submit adjustments directly to South Carolina Medicaid. Claim-level adjustments should only be submitted for claims that have been paid (status "P").

## SECTION 3 BILLING PROCEDURES

### CLAIM PROCESSING

#### Claim-Level Adjustments (Cont'd.)

#### Claim-level adjustments should be initiated when:

- The provider has identified the need for a **Void/Replacement** of an original claim. This process should be used when the information reported on the original claim needs to be amended. **The original claim must have a date of service that is less than 12 months old.** (See **Claim Filing Timeliness** in this section for more information.)
- The provider has identified the need for a **Void Only** of a claim that was paid within the last 18 months. This process should be used when the provider wishes to withdraw the original claim entirely.

#### Claim-level adjustments can be submitted in several ways:

- Providers who submit claims using a HIPAA-compliant electronic claims submission format must use the void or replacement option provided by their system. (See **Void and Replacement Claims for HIPAA-Compliant Electronic Submissions** below.)
- Providers who submit claims on paper using CMS-1500, Dental, or Transportation forms can use the South Carolina Department of Health and Human Services Claim Adjustment Form 130 (DHHS Form 130, revised 03-13-2007). They can also use the Web Tool to initiate claim-level adjustments in a HIPAA-compliant electronic format, even if they continue using paper forms for regular billing. See **Electronic Claims Submissions** in this section for more information about the Web Tool.

Providers who use an electronic format that is not compliant with HIPAA standards to submit CMS-1500, Dental, or Transportation claims can use DHHS Form 130; they may also use the Web Tool to submit adjustments.

#### *Void and Replacement Claims (HIPAA-Compliant Electronic Submissions)*

Providers may use a HIPAA-compliant electronic format to void a claim that has been filed in error, processed, and for which payment has been received. Submitting a **Void claim** with the original Claim Control Number will alert SCDHHS that claim payment has been made in error. The amount paid for the original claim will be deducted from

the next Remittance Advice.

Alternatively, these providers may submit a **Replacement claim** to change information on a claim that has been filed, processed, and for which payment has been received. Submitting a Replacement claim automatically voids the original claim and processes the Replacement claim. The Void and Replacement claims must have the same beneficiary and provider numbers.

#### *Void Only and Void/Replacement Claims*

Providers who file claims on paper or who submit electronic claims that are not in a HIPAA-compliant electronic format may use DHHS Form 130 to submit claim-level adjustments. (A sample DHHS Form 130 can be found in the Forms section of this manual.) Once a provider has determined that a claim-level adjustment is warranted, there are two options:

- Submitting a **Void Only** claim will generate an account debit for the amount that was reimbursed. A Void Only claim should be used to retract a claim that was paid in error. To initiate a Void Only claim, complete DHHS Form 130 and attach a copy of the original Remittance Advice.
- Submitting a **Void/Replacement** claim will generate an account debit for the original claim and re-file the claim with the corrected information. A Void/Replacement claim should be used to:
  - o Correct a keying or billing error on a paid claim
  - o Add new or additional information to a claim
  - o Add information about a third party insurer or payment

To initiate a Void/Replacement claim, complete DHHS Form 130 and attach a copy of the original Remittance Advice, as well as the new Replacement claim. Also attach any documentation relevant to the claim.

#### *Form 130 Instructions*

The completed DHHS Form 130 and any other documents specified above should be sent directly to South Carolina Medicaid at the same address used for regular claims submission. All fields are required with the exception of field 13, "Comments."

#### *Visit Counts*

Because visit counts are stored on the claim record for beneficiaries, the claim-level adjustment process can affect the visit count for services that have a limitation on the number of visits allowed within a specific timeframe (typically the state fiscal year). Those services include Ambulatory, Home Health, and Chiropractic visits.

In the case of a **Void Only** adjustment, the visit count for a beneficiary will be restored by the same number and type of visits on the original claim. Once the Void Only adjustment has been processed, those allowed visits are returned to the beneficiary's record and are available for use.

In the case of a **Void/Replacement** adjustment, a new visit count will be applied to the beneficiary record after the replacement claim has completed processing.

There are two factors to note here:

- If the recalculated visit count exceeds that beneficiary's limits, reimbursement for the excess visits on the Replacement claim will be denied.

### CLAIM PROCESSING

#### *Visit Counts (Cont'd.)*

- There may be cases when a Void/Replacement adjustment is submitted, the Void of the old claim is processed, and the Replacement claim is suspended. In such cases, the allowable visits on the original claim are “held” until the suspension is resolved. If the resolution results in “Paid” status for the Replacement claim, the allowable visits are applied to it. However, if the Replacement claim is denied (“R” status), then those allowable visits again become active in the beneficiary’s record and can be applied to other visits.

#### Gross-Level Adjustments

##### **Gross-level adjustments will be initiated when:**

- A claim is no longer in Medicaid’s active history file (the claim payment date is more than 18 months old.)
- The adjustment request is not “claim-specific” (cost settlements, disproportionate share, etc.). SCDHHS will initiate this type of gross adjustment.
- A claim in TPL Recovery will not be taken back in full.

Provider requests for credit adjustments (where the provider can substantiate that additional reimbursement is appropriate) or debit adjustments (where the provider wishes to make a voluntary refund of an overpayment) should be directed to the Medicaid program manager within 90 days of receipt of payment. Requests for gross-level **credit** adjustments for dates of service that are more than one year old typically cannot be processed by SCDHHS without documentation justifying an exception. Providers may send TPL-related adjustments directly to Medicaid Insurance Verification Services (MIVS) at the following address:

Medicaid Insurance Verification Services  
Post Office Box 101110  
Columbia, SC 29211-9804

Fax: (803) 252-0870  
Phone: (803) 252-7070

In the event of a debit adjustment, the provider should not send a check. Appropriate deductions will be made from

#### Gross-Level Adjustments (Cont'd.)

the provider's account, if necessary. Providers may inquire directly to Medicaid Insurance Verification Services about debit or credit adjustments resulting from private health insurance or retroactive Medicare coverage.

To request a gross-level adjustment, the provider should submit a letter on letterhead stationery to the Medicaid program manager providing a brief description of the problem, the action that the provider wishes SCDHHS to take on the claim, and the amount of the adjustment, if known. If the problem involves an individual claim, the letter should also provide the beneficiary's name and Medicaid number, the date of service involved, and the procedure code for the service to be adjusted. The provider's authorized representative must sign the letter. For problems involving individual claims, copies of the pertinent Medicaid Remittance Advices with the beneficiary's name and Medicaid number, date of service, procedure code, and payment amount **highlighted** should also be included.

The provider will be notified of the adjustment via a letter or a copy of an Adjustment Request Form 115, which replaced Forms 110 and 120. After it is processed by SCDHHS, the gross-level adjustment will appear on the last page of the provider's next Remittance Advice. Each adjustment will be assigned a unique identification number ("Own Reference Number" on the adjustment form), which will appear in the first column of the Remittance Advice. The identification number will be up to nine alphanumeric characters in length. A sample Remittance Advice can be found in the Forms section of this manual. Gross-level adjustments are shown on page 3 of the sample.

#### Adjustments on the Remittance Advice

If a Void claim and its Replacement process in the same payment cycle, they are reported together on the Remittance Advice along with other paid claims. The original Claim Control Number (CCN) and other claim details will appear on both the Void and the Replacement lines.

Void Only claim adjustments are reported on a separate page of the Remittance Advice; they will also show the original CCN and other claim details. If the Replacement claim for a Void/Replacement processes in a subsequent

payment cycle, it will appear with other paid claims.

Gross-level adjustments are reported on the last page of the Remittance Advice, and show only a reference number and debit/credit information.

A sample Remittance Advice that shows Void Only, Void/Replacement, and gross-level adjustments can be found in the Forms section of this manual.

#### Refund Checks

Providers who are instructed to send a refund check should complete the Form for Medicaid Refunds (DHHS Form 205) and send it along with the check to the following address:

SC Department of Health and Human Services  
Cash Receipts  
Post Office Box 8355  
Columbia, SC 29202-8355

All refund checks should be made payable to the SC Department of Health and Human Services. A sample of the Form for Medicaid Refunds, along with instructions for its completion, can be found in the Forms section of this manual. SCDHHS must be able to identify the reason for the refund, the beneficiary's name and Medicaid number, the provider's number, and the date of service in order to post the refund correctly.
