FEATURED STORY FOR OCTOBER 26, 2018

A Right to 'Live Free From Government'? States Are Granting It to Citizens.

Privacy concerns have prompted 10 states to add privacy protections in their constitutions. Voters in New Hampshire, the "Live Free or Die" state, could make theirs the next. PLUS:

WEEK IN FINANCE

Will Oklahoma Finally Wean Its Budget Off Oil?

A ballot measure would do just that by adopting a financial practice already common in most other oil-dependent states.

NEWS IN NUMBERS

1 sq. ft.

Space that egg-laying hens would be legally required to have if a California ballot measure passes and enacts what some say would be the world's strongest protections for farm animals. They would also have to be cage-free.
