

Confederate Flag:

Rev. Haley,

Nine African Americans getting killed  
had nothing to do with the Confederate  
Flag. But, it gave them a chance to have  
it removed. As, they should be satisfied. As,  
it should be allowed to have some symbols  
pertaining to the Confederate Flag when every  
body can see. Then, everybody should be satis-  
fied in different ways.  
But, to spend millions of dollars to put  
things in a museum where most people  
will never see is a waste of tax that could  
be used in other ways. As, the Gov of our  
country has to solve it in its satisfy everybody.

Sincerely,

Stacy M. Ricker
