Updated with MRO reference, slightly more detail on S.493, and some bill status updates to reflect where they are on the calendar / in committee.

Thank you for the feedback. Please let me know if you have anything further to add.

We should also discuss the Commerce MRO amendment to the Agricultural Tax Credit bill.

Subject: Bills List

Team,

Happy Sunday.

Please see attached the list of bills I plan to bring up in tomorrow's bills meetings. It includes ratifications that will be signed tomorrow, enrolled bills (VETO next to those we have discussed vetoing), legislative tracking, and follow-ups. Please note for your review, a couple of the bills have a "Reason to Veto" bullet explaining why I think we should veto that bill. From now on, I plan on including this bullet for all legislation I think NRH should veto. If y'all think any other bill on the list should include this bullet, please let me know the reason and I will happily include the reason. Finally, the final bill under legislative tracking, S.493, says "HOLD" and only has the note that I am awaiting feedback from DOR and DOI. The reason for this is I am not sure what the bill is doing and therefore wanted to wait on feedback from the agencies prior to putting in a description.

Please let me know if you have anything to add, or think I should remove.

Thank you in advance.
